RAK

CERAMICS

## Focused on ceramics expertise

RAK Ceramics is one of the largest ceramics brands in the world. Specialising in ceramic and gres porcelain wall and floor tiles and sanitaryware. The company has the capacity to produce 123 million square metres of tiles and 5 million pieces of sanitaryware per year at its state-of-the-art plants across the United Arab Emirates, India and Bangladesh.

Founded in 1989 and headquartered in the United Arab Emirates, RAK Ceramics serves clients in more than 150 countries through our network of operational hubs in Europe, Middle East and North Africa, Asia, North and South America and Australia. Across global operations the company employs approximately 15,000 staff from more than 40 nationalities. RAK Ceramics is a publicly listed company on the Abu Dhabi Securities Exchange in the United Arab Emirates and as a group has an annual turnover of approximately US\$1 billion.

## The world's leading ceramics lifestyle solution provider

RAK Ceramics helps architects and interior designers create icons and build marvels. It provides sustainable materials that inspire ideas, shapes and hues designed to freely express any style. Unique and inspiring products that realistically resemble natural materials, with unlimited choice.

RAK Ceramics gives porcelain perfection and limitless imagination. Its passion and expertise, combined with a careful attention to detail, enables it to provide designers and end users with a wide range of integrated ceramics solutions, allowing them freedom to be creative and plenty of room for imagination.

## We play our role for a better environment and society

Sustainability in every sphere of business is one of the main elements of RAK Ceramics mission statement. The company is committed to practising environmental stewardship throughout its manufacturing chain, from product design and efficient operations processes, to playing an active role in building a better community by enhancing the surrounding environment. The organisation's activities improve energy efficiency, reduce pollution, enhance biodiversity and improve the quality of life for both people in the communities it operates in and for its workforce. It recycles natural raw materials to help conserve natural resources and adopts clean development mechanism (cdm) projects to reduce carbon emissions during the manufacturing process.

RAK Ceramics is the first ceramics manufacturing company in its region to produce a global reporting initiative (GRI) sustainability and corporate social responsibility (CSR) report, based on the latest GRI-g4 guidelines. RAK Ceramics is a founding member of Emirates Green Building Council, which supports the development of sustainable buildings in the UAE.

### FROM (FSC® CERTIFIED) RESPONSIBLE SOURCES

The RAK-JOY and RAK-JOY UNO wooden furniture collection respects the environment and the life of the furniture itself. All particleboard and MDF used in the construction of this striking furniture collection comes from FSC certified responsible sources, respecting the forests, the people and wildlife who call them home.

CERAMICS

RIMLESS

The Ultimate Rimless Technology for your bathroom

RAK Ceramics delivers the ultimate in technology for bathroom suites.

Based on similar design specifications to sanitaryware in hospitals and medical centres, RAK Ceramics Rimless water closets allows you to experience the same high standards of hygiene in your own home.

RAK Ceramics continues to set new standards of hygiene and water efficiency in the sanitaryware industry, with uniquely engineered water flushing systems that effectively remove waste, helping to keep bathrooms fresh and hygienic.

**HYGIENIC AND EASY TO CLEAN**  
The water closets have no rims to harbour germs, making cleaning quick, easy and more hygienic.

**WATER SAVING**  
Using just 6 litres for the full flush and 3 litres for the half flush, water usage is reduced by a third.

**EFFICIENT DESIGN**  
Design and efficiency can be successfully combined. Water flows vertically and horizontally, before flushing the entire inner surface of the bowl, without splashing.

**SILENT FLUSH**  
Rimless technology allows a faster and more silent flush.

Touchless Flushing

The hygienic hands-free flushing experience

Easier And More Hygienic

Enjoy the same hands-free, germ-free experience of commercial restrooms. With the new RAK Ceramics Touchless Flushing System, this same ease of use and minimal spreading of germs has finally expanded to home use toilets. A sensor module mounts underneath the toilet's cistern lid and runs on four AA batteries. It utilises emerging sensing technology, which projects an electromagnetic field that is both extremely accurate and reliable. This type of sensor detects the user in the projected field and initiates the dual flush: 6 litres keeping the hand still above the spot, or 3 litres waving the hand.

DUAL FLUSHING:

-  For half flush; wave hand above the indicated spot
-  For full flush; hold hand still above the indicated spot

Technical Information:

-  The sensor area is within 40mm-60mm from the surface of the cistern lid; effective diameter is within 100mm of the sensor area.
-  Battery life: around 2 years for family use and 1 year for commercial.
-  Override lateral push button in case of failed battery.

RAK-WASHINGTON

TIMELESS ELEGANCE

## RAK-FEELING WASH BASINS

RAK-Feeling countertop wash basins will enhance and modernise your interior bathroom design.

Available in 5 different ceramic glazes, they perfectly match with the colour range of our RAK-Feeling RAKSOLID shower trays.

To complete the collection, all countertop bowls can be colour coordinated with a ceramic click-clack pop up waste and placed on your favourite RAK-Joy bathroom vanity, integrated with a tile countertop surface from the RAK-Precious range.

RAK Ceramics provides materials that inspire complete lifestyle solutions and ideas designed to give you room for imagination.

## SLIM EDGES, HIGH RESISTANCE

RAK-Feeling wash basins are characterised by simple lines and by the new 5mm slim edges that give the whole range a minimal look and at the same time a very high resistance. A perfect synthesis of design and functionality.

## RAK-FEELING WC'S & BIDETS

RAK-Feeling toilets and bidets are now available in the same colour range as the shower trays and wash basins, offering five different ceramic glazes that perfectly match with the colour range of RAKSOLID products. The perfect final touch for a total look bathroom where harmony accompanies your moments of relaxation.

## SHOWER TRAYS

RAK-Feeling is made of RAKSOLID, a durable material composed of a mixture of natural minerals and resins. The elegant matt finish with stone effect gives a distinctive feel to the shower area, as well as being pleasant to the touch and with anti-slip safety.

## COLOURS AND FINISHES

## DESIGN AND FUNCTIONALITY

RAK-Feeling is only 3cm thick and its surface inhibits the growth of bacteria and fungi to ensure greater safety and hygiene. All the shower trays feature excellent resistance to chemical products.

## VERSATILE INSTALLATION

RAK-Feeling shower trays can be installed flush to floor, semi-recessed or directly onto the floor. RAK-Feeling products are ideal for both new buildings and renovations, thanks to the minimum dimensions of 5.8cm required under the shower tray for the waste.

RAK-PLANO

A SOLUTION WITH ENDLESS POSSIBILITIES

**RAK**  
CERAMICS

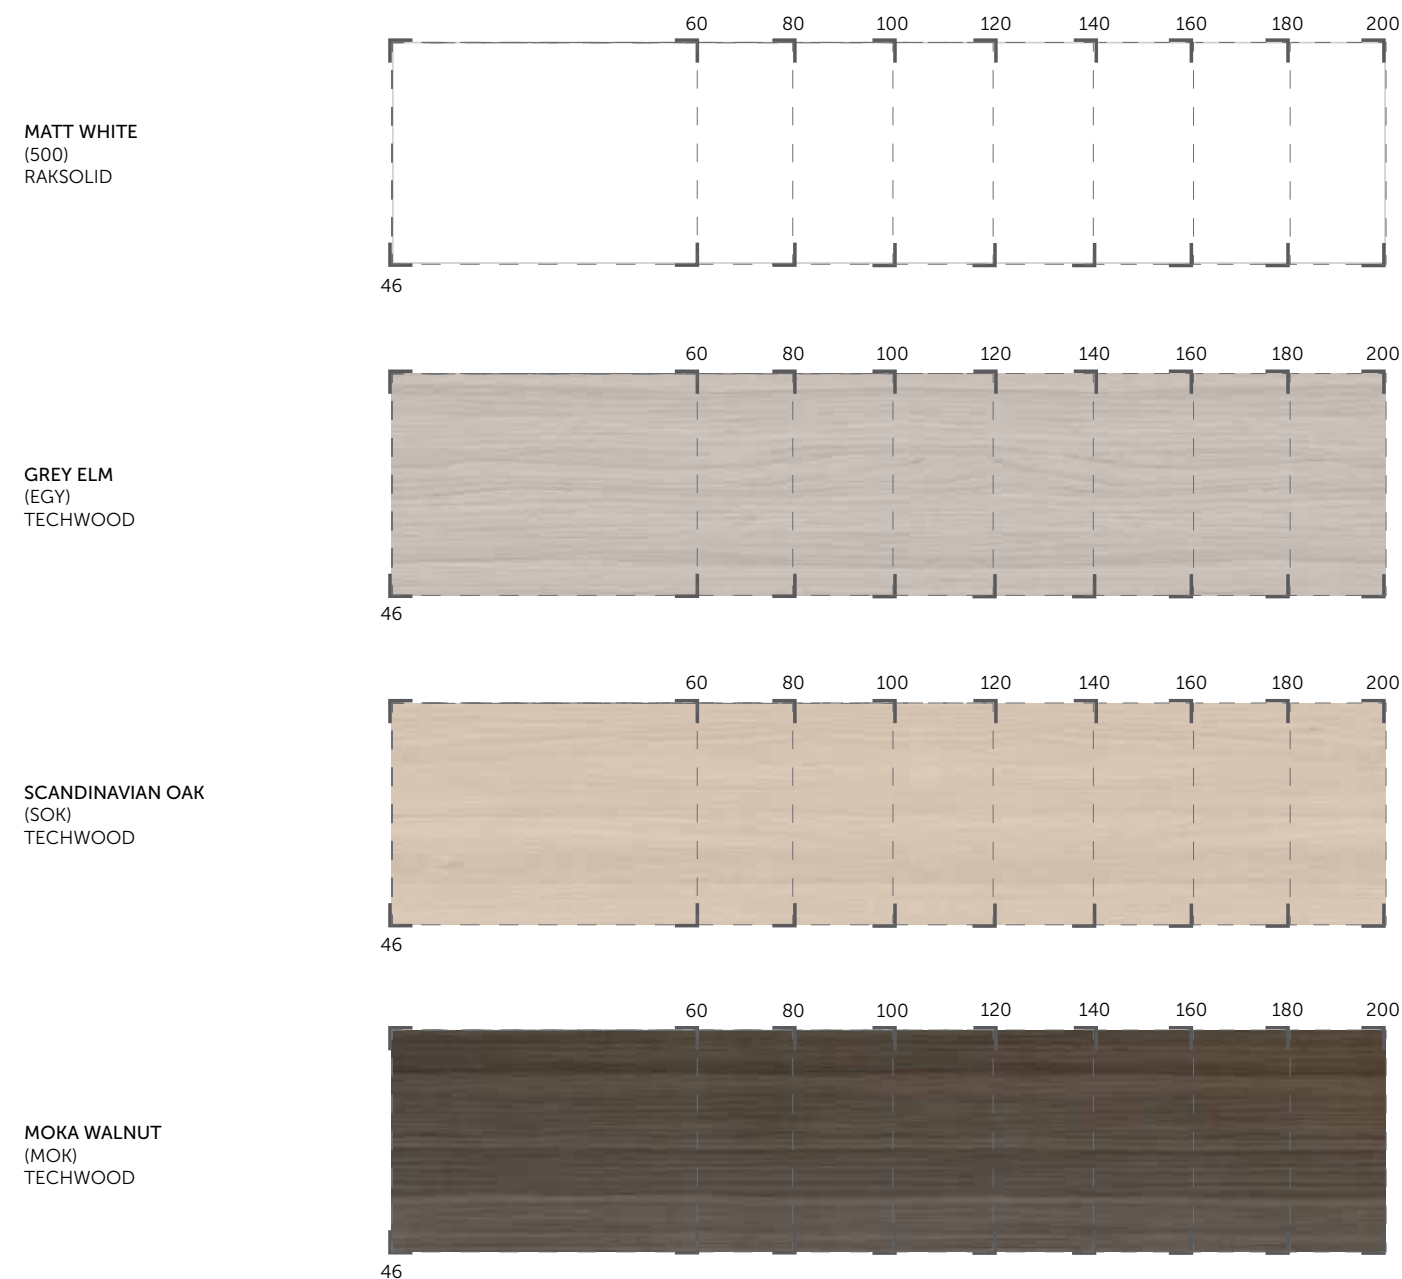

RAK-Plano is a new and versatile countertop solution, which matches perfectly with the RAK-Joy and RAK-Joy Uno furniture range. Born from the technology developed by the tile division of RAK Ceramics' super-sized slabs collection, Maximus, RAK-Plano offers endless possibilities and applications. Available in a range of 4 colours made from RAK-Solid and RAK-Techwood materials, the countertop offers customisation and a complete freedom of installation. With it's ultra-thin finish and availability in a wide range of sizes, it is suitable for all bathroom and modular furniture settings.

THE DESIGNER  
COLLECTION

Collaboration is the essence of Creation. RAK Ceramics works with renowned designers; Patrick Norguet, Giuseppe Maurizio Scutellà, Daniel Debiasi and Federico Sandri to create innovative bathroom products that will inspire and enhance your imagination. Aimed to address the evolving design demand of the market, these collaborations bring forth creative ideas and latest trends in the industry resulting in an aesthetic and functional bathroom collection. RAK Ceramics brings the designer's ideas to life by creating high quality products which give customers the freedom to imagine.

CERAMICS

## PATRICK NORGUET

### DESIGNER

Patrick Norguet is an essential figure on the international design scene.

After completing his design studies at the ESDI, Patrick Norguet was commissioned to design the display windows of two major players in the luxury industry: Yves Saint-Laurent and Louis Vuitton. From these experiences, he gained an understanding of brand identity and the way of showcasing it. Designing Renault's event stands helped him to hone and apply his synthesis skills to ephemeral architectures.

In 2000, his Rainbow Chair, noticed and produced by Giulio Cappellini, gave him visibility that quickly spread thanks to the international media. He then opened his studio in Paris. His early furniture collections for Bernhardt, Artifort, Offect, Capdell or the French companies Alki and Tolix, validated and established his presence at international shows. In 2010, designing one McDonald's restaurant in France gradually led to a collaboration with McDonald's Global. Patrick Norguet has become an emblematic figure of French design.

Alias, Arflex, Artemide, Cassina, Emu, Ethimo, Glass Italia, Kristalia, Lea Ceramica, Pedrali, de Padova, and Tacchini quickly recognised his talent and authority and fully involved him in the production process and strives to create long-lasting collections. Drawing inspiration from everything that surrounds him, Patrick Norguet does not follow trends but seeks to give shape to products whose relevance and modernity would withstand the test of time: "A well-designed object, an object created through generous collaboration is timeless." Together with RAK Ceramics, Patrick Norguet presents the project RAK-Valet.

RAK-PETIT &  
RAK-CLOUD

GIUSEPPE MAURIZIO SCUTELLÀ  
DESIGNER

Giuseppe Maurizio Scutellà was born in Alcamo, Sicily. His collaboration with RAK Ceramics began with RAK-Cloud (2018), a project that continues the creative thinking of the Italian designer and that integrates perfectly with his other projects such as the collection of lamps "Pirce" by Artemide (Good Design 2008, Red Dot Award 2009, IF Design Award 2010) and the "Metropolis" collection of crystal and ceramic tables by Tonelli Design. RAK-Petit (2019) is the second concept developed together with RAK Ceramics.

"I like to talk with the soul of all my projects, discover its history and capture the most hidden hues of its character, respecting its nature and embracing its languages. It is my way of approaching its magical essence and becoming its interpreter."

*Giuseppe Maurizio Scutellà*

# RAK-CLOUD BATH

RAK-Cloud bathtubs are made of RAKSOLID, a durable material composed of a mixture of natural minerals and resins. The elegant matt white finish gives a distinctive feel to the bathing area, as well as being pleasant to the touch and including anti-slip safety.

## DANIEL DEBIASI AND FEDERICO SANDRI

DESIGNERS

Daniel Debiasi and Federico Sandri founded their own design studio in 2010 and work within various fields of design, ranging from objects to spaces. Multiple experiments and the relationship between manufacture and craftsmanship form the basis for a much broader thinking, where objects are always considered as part of a bigger picture. They have created work for Antoniolupi, Lema, Ligne Roset, Normann Copenhagen, Offecct, Rosenthal, Stelton and Villeroy & Boch among others. Many of their projects have received international design awards and are featured in publications worldwide. In addition to their work as designers, they regularly teach, hold workshops and lectures at various institutions including IUAV Venezia and Politecnico di Milano. Together with RAK Ceramics, Daniel Debiasi and Federico Sandri present the project RAK-Variant (2019).

*Daniel Debiasi* *Federico Sandri*

RAK-VARIANT

MADE TO IMAGINE

**RAK**  
CERAMICS

## 1 RAK-VARIANT | UNDER COUNTER

The RAK-Variant under counter, with the sink fully installed below the vanity top, is of course the one in which the sink goes most unnoticed.

It becomes a fully functional tool for the environment around it, with only the internal shape remaining visible. An elegant solution that enhances the choice of materials selected by the designer for the bathroom project.

## 2 RAK-VARIANT | DROP IN

RAK-Variant drop in solutions are an excellent compromise between functionality and aesthetics.

The ceramic wash basin, in your preferred form, can in fact be combined and integrated with any countertop in gres porcelain, creating harmonious results in any environment.

At the same time, this solution saves a lot of space compared to under counter solutions, allowing more room for storage.

## 3 RAK-VARIANT | COUNTERTOP

The wash basin shape, the ceramic material and the beautiful design are enhanced by this countertop solution.

The basin becomes the central focus and therefore plays a fundamental role in the final design of the interior project. The thin edges help to enhance any vanity top, cabinet or console.

The wide range of shapes, in the double version with or without tap bank, makes RAK-Variant countertop wash basins ideal for freely expressing your ideas.

RAK-COMMERCIAL

THE RAK-COMMERCIAL COLLECTION HAS BEEN CREATED BY RAK CERAMICS TO PROVIDE SAFETY, FUNCTIONALITY AND COMFORT WITH ESSENTIAL FEATURES TO ENSURE TOTAL INDEPENDENCE AND AUTONOMY IN YOUR BATHROOM, WITHOUT SACRIFICING ON STYLE

**RAK**  
CERAMICS

RAK-ECOFIX

RAK-Ecofix flushing systems by RAK Ceramics are the ideal solution for all types of hydro-sanitary systems. Invisible built-in flushing systems combine functionality and aesthetics, saving space in every bathroom. The new and elegant push plates integrate perfectly with any style and design of dual flush systems to reduce water consumption.

All systems perfectly integrate with all of RAK Ceramics wall hung & Back to Wall WC's and Bidets and fit perfectly into any home environment or contract specification.

Technology, innovation and water saving features make RAK-Ecofix the perfect choice for your bathroom.

#### SOLID INSTALLATION

The concealed cistern can be easily fastened in front of or inside a solid wall and then brick lined.

#### DRYWALL INSTALLATION

With a drywall system it is possible to create complete room-height prewalls or partitions.

#### 12CM WALL THICKNESS

In the wall or in front of it, with flushing actuation from the front.

#### 8CM WALL THICKNESS

For thin walls or for space-saving installations, with flushing actuation from the front.

#### LOW-HEIGHT SITUATIONS

The concealed cistern can be easily fastened in front of or inside a solid wall and then brick lined.

## LIMITLESS TECHNOLOGY FOR LIMITLESS IMAGINATION

Available in a wide range of dimensions and suitable for any construction situation. Connecting to the water grid is simple and fast, without the need for tools or connection accessories. Equipped with top silent fill valve. Easy tool free maintenance at any time through a service opening.

RAK-ECOFIX

PUSH PLATES

RAK-Ecofix not only offers limitless installation possibilities, but a flat designed range of push plates in 3 elegant finishes and 4 different designs. The push plate is the only visible part of the concealed cistern and is built for the water saving dual system flush in volumes 6-3 litres or 4.5-3 litres. Another possibility to move functionality and style into your bathroom.

## SHOWERS

RAK-Showers offer a comprehensive and stylish range of showering solutions for every installation method. Offering industry leading TMV2 Concealed Thermostatic Valves, Bar Valves and Shower Columns.

### CONCEALED VALVES

A complete range of concealed Thermostatic Shower Valves providing installation solutions from a single outlet shower concept through to a multiple outlet showering system.

### EXPOSED VALVES

Design and functionality for a simple showering solution offering Cool-Touch, anti-limescale and quick-fit solutions for every showering need.

### EXPOSED COLUMNS

A wide array of shower columns to meet each individual need. Cool-Touch and anti-limescale options compliment the addition of finishes that add a sophisticated and luxurious feeling to every bathroom.

RAK-PLUTO

The focal point in every bathroom, RAK Ceramics range of Mirrors and Cabinets offer design and versatility. LED Illumination, heated glass keeping your vision mist-free, and soft close hinges are just a few of the standard features the range has to offer.

RAK-PICES

RAK-AQUARIUS

RAK-HESTIA

RAK-DEMETER PLUS

FEATURES AND BENEFITS

TOUCH SENSOR SWITCH

Located visibly on the mirror, operational with wet and dry touch.

TOUCHLESS INFRARED SWITCH

Discretely hidden and operated without touch, perfect for cleanliness and hygiene.

MAGNETIC SWITCH

Pull the shaving mirror towards you and the light becomes operational. Stow the mirror for tidiness and the light turns off.

SHAVING SOCKET

Charging options for both shaving and electric toothbrushes.

DEMISTER PAD

No matter how long you remain in the bath or shower, the heated mirror pad ensures that the glass is mist-free for when you need it the most.

BLUETOOTH

Paired with your mobile telephone, tablet or digital music player the bathroom truly becomes your personal domain, whether listening to your favourite playlist, audiobook or radio station, you can truly relax and forget the world around you for a few moments.

FEATURES AND BENEFITS

**LED LIGHTING**

Low energy consumption LED lighting provides more consistent lighting while reducing your carbon footprint.

**LED UNDER CABINET LIGHTING**

No more pesky dark-spots ensuring you can have a shadowless view of the task at hand.

**SURFACE MOUNTED & RECESSED**

Having the ability to recess a cabinet into a wall gives even the smallest bathroom the opportunity to benefit from well needed storage.

-  MAINS POWERED
-  DEMISTER PAD
-  TOUCHLESS ACTIVATION
-  MOTION SENSOR
-  USB RECHARGEABLE
-  SHAVING SOCKET
