ARYSTOX

Escape from the everyday to a sanctuary of calm in the ARYSTOX

The Most Frameless Sliding shower door on the market.

Beneath the beautifully designed minimal frame lies a highly technical shower enclosure that gives the ARYSTOX its class leading functionality. To create a frameless 10mm door every element of its design and engineering has been pushed to perform multiple tasks.

MERLYN will donate
£25 from the sale of
each ARYSTOX to the

pink ribbon
foundation

THE BESPOKE COLLECTION

The Arysto Bespoke Collection has everything you need to create that unique showering experience. Whether your preference is for an ultra modern wetroom or something more unique for your attic conversion. The Bespoke Collection allows you to tailor any of our already stunning enclosures / wetroom panels to create a truly unique enclosure for your bathroom. Choose from an array of options such as 4 glazing finishes, UV Bonding, increased heights and widths and the ability to cut to almost any shape or size to fit any awkward spaces, creating that perfect showering experience in your home. Factor in the reliable survey and installation services as well as the Lifetime Guarantee and you've got added peace of mind.

Arysto Bespoke Steam Room in Brushed Bronze

The Arysto Bespoke Collection has everything you need to create that unique showering experience. Whether your preference is for an ultra-modern wetroom or something more unique for your attic conversion.

Choose from an array of options such as 4 glazing finishes, UV bonding, increased heights and widths and the ability to cut to almost any shape or size to fit any awkward spaces, creating that perfect showering experience in your home. Factor in the reliable survey and installation services as well as the lifetime guarantee and you've got added peace of mind. Any sizes outside of those mentioned please contact customer service.

Four glazing finishes

Five colour options

Six handle types

BESPOKE (Three Panel) Sliding Door

Shown with increased height and smoked black glass.

BESPOKE Wall Hinge Door with Inline Panel

Shown with dwarf wall and notch cut.

SCAN FOR MORE INFORMATION

Please Note

Before we are able to survey your site, your shower tray must be fully installed and all wall tiles finished. It is essential due to the weight of the glass that there is sufficient grounds for fixing all hinges and bracket to all walls and ceilings where appropriate. Cost of the installation and delivery may increase due to: weight of the glass panels, increase size of the glass panels or restricted access to site.

BESPOKE Walk In

Shown with increased height, notch and angle cut and 2 towel rails.

BESPOKE Hinge Door

Shown with increased height and smoked black glass

Here is a brief guide to the services and options available through our Bespoke Collection. We can tailor any enclosure from our ARYSTO Collection to suit your unique requirements.

Notch cut, angle cut and dwarf walls

With these options you can fit your shower enclosure to any space.

Three Panel Sliding door with Side Panel

For bespoke pricing please refer to the retail brochure pricing and add 35% to the RRP closest size for standard glass.

GM400 Notch-cut - UV bond

GM800 Standard top bracket

Please note: measure & fit prices will be provided by chosen retailer. For side panel units there are 2 install options available.

Standard fit is provided with a tape joint & top bracket whereas UV bond is a seamless joint which is UV bonded using adhesive cured by ultra violet light.

Arysto Bespoke Product Pricing

- » Before we are able to survey your site, your shower tray must be fully installed and all wall tiles finished.
- » It is essential due to the weight of the glass that there is sufficient grounds for fixing all hinges and brackets to all walls and ceilings where appropriate.
- » Cost of the installation may increase due to: weight of the glass panels, increase size of the glass panels or restricted access to site.
- » Satin glass is satin on one side only. If the satin side gets wet the glass will become transparent

Survey & Fitting Service

- » We will visit your home to discuss design options, preferences & advise bespoke options available.
- » Your bespoke shower enclosure will be manufactured to the precise measurements taken, while keeping in mind your discussed design needs, to ensure that we provide the best possible solution for you.
- » Units over 2000mm high may require a two man install charge which will be highlighted after site survey.

Terms & Conditions

- » A decision maker must be present at both survey & installation for confirmation & sign off of specification of the MERLYN bespoke unit.

- » We require 2 days for cancellation or re-booking of visits. Both surveys & installation cancellations will be charged outside of this notice period.

Oversized Panels

- » Panels over 2.3m Height or 70kg are considered oversized. They will require extra care & handling on delivery so will incur an oversized delivery charge.
- » Oversized delivery for oversized units will be highlighted when sent back with layout for sign off after site survey.
- » N.B. We strongly recommend that you use a MERLYN recognised Surveyor and Fitter. CAD or scaled drawings are required especially for sloping panels and panels with dwarf walls. All drawings need to be signed off.

ADDITIONAL COMPONENTS

Ceiling brackets	Maximum gap to ceiling when used = 30mm, Total height 50mm, total overlap on glass = 44mm	1 INC

ARYSTO EIGHT

The Red Dot award winning ARYSTO EIGHT range elevates any space it occupies. Subtle design detailing has been used to enhance the virtually frameless quality of the range. The chamfered edges of the ultra slim frame reflect ambient light reducing the visual impact of the enclosures.

Every detail has been very carefully designed within this range - many of the standard design features have been redeveloped to ensure we maintained the integrity of the design and aesthetic we set out to achieve.

reddot design award
winner 2018

Sliding Door with Side Panel Shown as Right Hand (R)

SLIDING DOOR WITH SIDE PANEL

Features

- » Virtually frameless - ultra slim profiles and subtle design detailing enhances the quality of this enclosure.
- » Ultra smooth rolling action ensures this door effortlessly glides open and close
- » Easy clean glass with Mershield Stayclear™, revolutionary self cleaning rollers* and fully concealed fixings minimises cleaning time.
- » Soft close door - a natural but solid closing door with no bounce back on closing.
- » Reversible.

ARYSTO SLEEK

There's nothing quite like stepping into a beautiful bathroom. Many of us are recreating this room as we increasingly value the importance of wellness, relaxation, and self-care. Our stunning Arysto Sleek range is designed to act as a centrepiece in any bathroom.

FEATURES & BENEFITS

Easy to clean and maintain - Mershield Stayclear™ invisible protective glass coating prevents the build-up of limescale and soap to keep your shower enclosure looking like new for longer.

Lifetime Guarantee - MERLYN is committed to developing products that meet the highest standards. We are so confident in our products and service, that we offer a lifetime guarantee.

Reversible door - Arysto Sleek doors can be fitted for either left or right hand entry depending on the bathroom design and layout.

Cover Caps - A stylish design with discrete, hidden fixings and no visible screw holes for a clean, premium finish.

Quick release rollers - Our Sliding and Quadrant door options feature quick - release bottom rollers for easy cleaning.

Recyclable packaging - Delivered safely and securely with minimal packaging and no single use plastics.

Soft close - The door opens and shuts with virtually no sound, making it the perfect choice for family bathrooms.

Multi-purpose - Suitable for wetroom and shower tray application.

Anodised finish - The colour layer is fully integrated with the underlying aluminium substrate, so it cannot chip or peel. Making it more durable than powder coating.

Handles - Our Chrome products have a solid metal chrome handle. Matt Black and Brushed Brass have a double metal handle.

Quick and easy installation - Our Sliding, Quadrant, Hinge and Infold shower enclosures can be installed in two simple steps.

COLOURED FINISHES

Create a bathroom that's as unique and individual as you with our collection of four stunning contemporary colours.

SLIDING DOOR - CAN BE FITTED WITH TWO SIDE PANELS

The Arysto Sleek Sliding door is our classic shower enclosure option with a new minimalist, modern design. Crafted using the finest materials for an incredibly smooth-gliding door, it is perfect for smaller spaces and alcoves, or used in conjunction with our side panels to create stand-alone enclosures.

MERLYN trays

Beautifully sculpted shower trays, angled and contoured to match all enclosures and spaces, achieving the perfect combination of luxury, elegance and durability.

Truestone Black Shower Tray

LUXURIOUS TEXTURED SLATE TRAYS

Beautifully handcrafted and ultra-low slate trays, elegant in appearance and luxurious to touch. With 5 finishes to choose from - Black, Sandstone, Graphite, White, and Fossil Grey.

These trays will bring an element of natural beauty and a truly designer finish to your bathroom.

Features

- » Ultra Slim: only 30mm in height.
- » Handcrafted from high grade stone resin.
- » 5 Colour Options - Black, Sandstone, Graphite, White and Fossil Grey
- » Integrated Discreet Waste.
- » Luxurious Textured Finish.
- » Can be fitted on or level with floor.
- » Comes with 90mm Fast Flow Waste.
- » Our self cleaning vortex waste design: Offers a maintenance free solution as it doesn't require any cleaning.
- » Our Truestone trays can be cut to size, (amount that can be cut, to be agreed by Merlyn) without affecting the guarantee.
- » Please Note: Images are for illustrative purposes only. The colours & finishes shown in the catalogue are as accurate as possible within the limits of the printing process.

MERLYN Branded Waste Cover

Please ensure that the shower head is not positioned directly over the waste as this may restrict flow rate.

MERLYN SLIP RESISTANT TRAYS

SLIP RESISTANT TRAYS

We have carried out all the testing to give you and your family the peace of mind of showering in a safe environment with the splendour of this natural stone effect.

EASY CLEAN

All you need is a soft cloth and warm soapy water.

QUALITY LOOK AND FEEL

The luxury satin look and feel is designed to give confidence while not feeling harsh underfoot.

Exceeds Class C for DIN 51097 - Barefoot ramp test.
This ranks MERLYN in a premium class.

LEVEL25^{SR}

The Level25-SR and standard Level25 trays are sleek and ultra slim creating a modern and contemporary feel. At only 25mm high they can be fitted flush to the floor encompassing all the benefits of a wetroom floor and accessibility but without the costly wetroom installation.

Features

- » Ultra slim 25mm low level tray.
- » Sleek minimalist design.
- » Discreet integrated waste cover.
- » Can be fitted on or level with floor.
- » Comes with 90mm fast flow waste.
- » Shower tray 25 year guarantee.
- » The Level25 tray is capped with an easy to clean surface that provides a chemical resistant, anti-bacterial solution due to it's ultra-smooth, non-porous surface.
- » Available in square, rectangular and quadrant trays.
- » Please note: The Level 25 tray must be fitted with the waste positioned along the back wall and not to the front.

Adjustable leg system.

Left Handed (L) Right Handed (R)

*Quadrant tray is handed – please choose L for Left Hand and R for Right Hand when ordering.

90mm fast flow waste, includes hair trap and chrome cover.

A highly engineered tray providing rigidity and strength and combined with a relatively low weight. MStone trays are ideal for 'low level' installation. Alternatively, you can raise your tray and in such cases you will need the MStone shower tray panel kit.

Features

- » Double skinned for added rigidity.
- » 50mm high to achieve minimalist design.
- » 130mm high including tray panel set.
- » Comes with 90mm fast flow waste.
- » More than 30 sizes available.
- » The MStone tray is capped with an easy to clean surface that provides a chemical resistant, anti-bacterial solution due to it's ultra-smooth, non-porous surface.
- » Available as low level or with tray panel kits for easy installation.
- » Shower tray lifetime guarantee.

As a special gift, we include this complimentary Merlyn Glass Wiper and Holder with each complete ARYSTO TEN product purchased worth just under £50. Comes in a chrome finish only.

You can also purchase these for other ranges (price details below).

MERLYN GLASS SHELF

GLASS SHELF ORDER CODE

DWHSHELF	160.83	193.00
----------	--------	--------

PRODUCT INFORMATION

- » All products are manufactured in accordance with EN 14428 and utilise toughened safety glass to EN 12150. Electrical products comply with all relevant European standards including RoHS, WEEE and IP ratings.
- » All doors feature adjustable wall profiles to compensate for out-of-true walls and have micro adjustment features for fine tuning to obtain a perfect fit and operating action.
- » All wall hinge doors need to be fixed to a solid wall or adequately secure fixing.
- » All standard products are supplied complete with full installation instructions and the necessary fixings.
- » Bespoke sizes cannot be cancelled once order has been processed.
- » Product descriptions do not imply the use of precious or valuable materials.
- » Bath screens are not designed to fit on baths with stepped fronts roll top rims or integral soap dishes.
- » Standard Products - Opened cartons can not be returned. Returns carry a £40 single box charge or £60 per unit where the sale is less than 30 days old. Returns over 30 days old will not be accepted. MERLYN do not accept returns on any bespoke products.
- » ARYSTO TEN by MERLYN is frameless in design. Spray/mist may escape therefore we would recommend use of these enclosures with tiled floors.
- » Water retention is maintained in all products under normal showering conditions. Water jetted, with pressure, directly at joints, seals or openings can naturally force an exit.
- » All enclosures, wetrooms and panels are Power Shower approved – will retain water under normal showering conditions.
- » Only shower enclosures, panels and bath screens are covered by the lifetime guarantee. Please contact the Merlyn sales team for more details.
- » For full details on all product ranges please contact Merlyn.
- » Glass shattering and parts subject to wear are not covered by the lifetime guarantee. Electrical products have a 5 year guarantee and are not covered by the lifetime guarantee.
- » Chrome and Nickel components may differ due to the use of different materials. Please check with your ARYSTO dealer for accurate matching of material samples.
- » Images are for illustrated purposes only. The colours and finishes shown in the catalogue are as accurate as possible within the limits of the printing process. The positioning of all showering heads in the brochure is for illustrative purposes only.
- » Do not direct water directly at the eyelet handle as water will pass through. It is the responsibility of the designer / installer to ensure that the shower head is positioned so this is not an issue.

N.B. We strongly recommend that you use a MERLYN recognised Surveyor and Fitter. CAD or scaled drawings are required especially for sloping panels and panels with dwarf walls. All drawings need to be signed off.

Lifetime Guarantee

At MERLYN research and development is an integral part of the business. All products go through rigorous testing processes so much so that we can confidently stand behind our products and therefore we offer a Lifetime Guarantee covering all manufacturing defects ensuring ultimate peace of mind.

Glass shattering and parts subject to wear are not covered by the lifetime guarantee. Electrical products have a 5 year guarantee and are not covered by the lifetime guarantee.

Please note that the Mershield™ is not covered under the guarantee as it is solely dependent on the owner's water supplier and the level of care and maintenance it receives.

The UKCA (UK Conformity Assessment) mark on MERLYN enclosures is the new standard marking for products on the market in Great Britain (England, Wales and Scotland). It is a declaration that the product complies with GB designated standards.

The CE markings on MERLYN enclosures is a declaration that the product complies with the essential requirements of the relevant European health, safety and environmental protection legislation.

PRODUCT INFORMATION

EU and GB legislation requires manufacturers to display either the UKCA mark for Great Britain and a CE mark for the EU and Northern Ireland on their product or packaging. It is an offence to place a product on the relevant market without a UKCA for Great Britain or CE marking for the EU market.

The manufacturer is legally responsible for ensuring that the product conforms to the requirements of both directives.

The European Commission thus refers to the CE marking as a "Passport" which allows products to be freely circulated within the EU single market. The UKCA marking allows products to move freely within Great Britain.

Often consumers will consider the UKCA and CE markings on a product as an indication of conformance to laid down minimum standards and therefore, a minimum level of safety which other products may lack. Both markings are often seen by consumers as a "Symbol of Safety."

Important

For bespoke sizes please provide overall measurements i.e. tile-to-tile or tile-to-outside edge of tray, all surfaces including trays, walls and floors, all angles and cut-outs etc.

MERLYN accept no responsibility for any incorrect measurements and details provided by customers or retailers. Any order placed to correct the mistake is treated as a new order and will be charged as such. Merlyn do not accept any returns on any bespoke products.

Important Shower Tray Information

Although shower door and enclosure sizes are related to tray sizes it is important to note that most shower trays are tiled down to the rim, often over an "up-stand". The finished installation space may be less than the nominal tray size. ARYSTO shower enclosures are made to suit this remaining space.

The illustrated guide (diagrams on right of page) may be helpful in taking measurements to determine the shower door or enclosure size required. Dimensions given in this publication are in millimetres, are approximate and may vary with adjustment. They are subject to change without notice.

Tray

Ensure strong and secure joints between shower tray and walls, even in the event of floor settlement. Please supply floor plans, photos, site condition details and note anything that might obstruct the product. Special sizes cannot be cancelled once the order has been processed.

Adjustment

This is the min and max adjustment of the actual enclosure. Always ensure the outer most part of the enclosure frame is stepped in far enough from the edge of the tray so that the enclosure frame is sitting on a flat surface and can be sealed correctly. Some trays have larger rounded edges and may need a bigger step in. Ensure that the step in leaves adequate space for the product adjustment.

N.B. Take the measurements after the tray is installed and the walls are tiled.

Disposal and Recycling End of product life

When the product reaches the end of its serviceable life it needs to be disposed of safely and brought to or collected by an approved authorised treatment facility.

Batteries

Used batteries need to be disposed of responsibly and not with your normal household waste. Please contact your local authority for information on recycling and safe disposal.

Measurement Guide

Important Shower Tray Information

- » It is up to the designer or installer to ensure that the tray and enclosure combination is arranged in such a way that water retention meets the customers needs.
- » The waste has the capacity to carry away 29L/Min. High powered systems may exceed this. Please check with the manufacturer.
- » Please ensure that the shower head is not positioned directly over the waste as this may restrict water flow rate.
- » Please ensure that the colour and size of shower tray are as per your order before installation.
- » You must inspect the product thoroughly before installation. Fitting the product is acceptance of quality.
- » The trays are handmade from natural material. Please allow for height variances due to manufacturing tolerances.
- » For open ended shower screens please consult your installer.
- » Shower trays must be fitted as per the fitting instruction. Deviation from the pre installation checks or fitting installation will void the guarantee.
- » When wet, the surface of the majority of shower trays will show an increase in the potential for slipping. This is particularly the case when soap, shampoo, bath oil etc. are used. It is important that designers, installers and users are aware of this.

Cleaning

- » It is important to clean your MERLYN shower door after every use.
- » Wipe down all the glass and metal parts with a soft cloth.
- » Do not allow lime scale to build up in hard water areas.
- » Ensure that any residual water on the glass is removed after every use.
- » Clean the glass regularly using soapy water.
- » Do not use abrasive products on any surfaces.
- » Install the enclosure in a well ventilated area.
- » When cleaning your ARYSTO X do not direct a high pressure stream at the seals or at a point of overlap between 2 panels as some water may escape.

Information and Maintenance

Always read the instructions on the packaging. Chrome is vulnerable to acid attack and some strong household cleaners including strong disinfectants, denture cleaners, hair dyes, wine making chemicals and photographic chemicals may contain acid. These materials may have a varying effect on the surface from black spots/streaks (which cannot be removed) to pitting the surface. Contact with these materials should be avoided.

ISO Certification

MERLYN has implemented an Integrated Management System comprising of Quality Management, Environmental Management and Occupational Health and Safety Management. An Integrated Management System ensures the seamless integration of several different standards into a common system that meets the requirements of each of these standards. These certifications are proof of MERLYN credibility but also to instil confidence in our potential clients that Merlyn will keep its promises.

The ARYSTO collection is available from specialist retail showrooms only. Our dedicated and highly trained MERLYN Sales Team are waiting to provide all the professional assistance and advice needed to help you choose the right enclosure.

Due to our policy of continuous improvement we reserve the right to amend prices, specifications and designs without prior notice.

All material and illustrations included in this catalogue are the copyright of MERLYN Industries Ltd. and cannot be used without prior written permission and credit in any other advertisements, brochures, publication, correspondence, any medium what so ever whether written or electronic including the internet.
