BEAUTIFULLY CRAFTED

FURNITURE

An exquisite collection of bathroom furniture,
masterfully designed with timeless elegance, and
created with flawless craftsmanship.

BAYSWATER FURNITURE

The Bayswater furniture collection features traditional design details on the doors, handles and side panels. With the option to complement the basin units with either marble, ceramic or fireclay tops, these timeless designs will look beautiful for years to come.

CHOOSING THE
CORRECT VALVE

Bayswater shower valves come in a choice of twin, twin with diverter and triple combinations.

Twin Valves
There are separate controls for temperature and water flow with one outlet. A twin valve operates one water outlet.

Twin Valves with Diverter
There are separate controls for temperature and water flow and a diverter to control water flow between two water outlets.

Triple Valves
Triple valves provide separate controls for temperature and water flow through two outlets. These valves operate two water outlets, either separately or simultaneously.

Triple Valves with Diverter
Triple valves provide separate controls for temperature and water flow through two outlets. One of these flow controls is a single outlet, and the other incorporates a diverter which allows a total of three water outlets, two of which can be used simultaneously.

For more information, ask your retailer to help you decide which option is best for you.

BAYSWATER SHOWER VALVES

We use the best temperature controlling thermostatic vernet cartridges for the safety of all of the family. They have the added benefit of being resistant to calcium build-up in hard water areas. The valves provide accurate flow control and excellent flow rates, even at low pressure.

Thermostatic valves include Valquest patented technology. The cartridge is fully reversible so if, after installation, the hot and cold supplies are the wrong way around, the cartridge can be easily removed, turned 180 degrees, and replaced. Our concealed twin and triple valves are WRAS-approved, and thermal protected to +/- 2° C to prevent scalding. All twin & triple concealed valves are TMV2 and TMV3 approved meaning the set temperature will be maintained even if the water pressure varies. Bayswater showers meets Government Health & Safety requirements.

COMFORT HEIGHT OPTIONS

This range is great for taller or less abled users. The WC height relieves pressure on knees and joints for a much more comfortable seating position and likewise the comfort height pedestal relieves pressure on the back. Comfort height options include; Low level pan, Close coupled pan, Back-to-wall pan, High level pan, Basin pedestal.

QUALITY & GUARANTEES

Quality Assurance

Quality lies at the heart of everything we do. From inspired in-house design and high calibre manufacturing to careful distribution, we control every aspect of our collections to ensure you receive a bathroom to add value to your home and joy to your life.

Made In Britain

We love to craft our bathrooms in our cutting-edge British centres, giving you the reassurance and trust we have absolute control over quality. It enables us to respond to changing customer needs and market trends remarkably quickly to keep Bayswater as a leading design innovator.

Right To Change

As a continually evolving company, we reserve the right to change product specifications without prior notice. Prices are valid on orders placed from 1st April 2025. Under current world market conditions, costs can be extremely volatile and we reserve the right to review prices at any time prior to delivery. Colours represented in this brochure are as accurate as the printing process allows.

Our Guarantee

We offer market leading guarantees against manufacturing defects on all products when used in normal domestic applications (excluding neglect or abuse) and provided they have been maintained in accordance with our instructions. Additionally, we guarantee the surface finish on chrome and stainless steel. Serviceable, moving parts and bath screen seals are subject to normal wear and tear and are therefore covered on all products for 12 months from purchase. All guarantees are valid from the date of purchase and are non-transferable. The guarantee extends to replacement parts or equivalent products only and does not include labour or incidental costs incurred. Diagrams are for illustration only and maybe subject to change.
